No Shooting!

The school hall will be unavailable for use on Tuesday 29th November and so we will not be able to shoot that evening.

Handicaps

As many of you are aware, most of the trophies awarded at our annual awards evening are awarded on the strength of handicap scores. In popular parlance, 'you've got to be in it to win it' so if you don't have a handicap start recording your scores as you shoot and hand each score sheet to Steve Taylor. Steve is our Records Officer and is responsible for working out handicap figures. GNAS members who wish to shoot comps will benefit from having a handicap as many tournaments have handicap adjusted categories. So start keeping score - any club member or Steve will advise you on how to do

this if you haven't done so before.

Shugborough

It's a long time ago but many thanks to those who gave up valuable time to support this event. The club raised a little over £1,700 from the two weekends this year. Well done and thank you again.

Skittles and Christmas

This social evening has been arranged for the evening of 25th November and will cost £6.50. More details from Steve Taylor.

Junior Competition

The next junior comp. will be on 18th October 2005. Just come and shoot!

Equipment Officer

We still need to replace Bill as equipment officer. Currently a few people are keeping the club equipment in good order and things seem to be working quite well but your

help is needed. If you find any equipment in need of repair - lost fletchings to arrows, missing arrow rests etc - please report this to Dave Dean so that repairs can be carried out.

Club Logo

Do you like our club logo? Do you know that we have special permission from the Stafford Family to use the Stafford knot in our logo? Do you think it is time for a change?

It has been suggested that the current logo is 'too busy' and that we should change it. Obviously, baring in mind the expense that many members have incurred buying club clothing this is not something the committee is prepared to do **unless you want it**. If you think a change would be a good thing let any committee member know, in writing, by 1st November.
